### A message from the director...

Welcome to the 2024 Hawk Film Festival! This is now our 19th festival and we are always getting bigger and better.

It has been an interesting year so far and we are very excited to cap it off with such a great event as the Hawk Film Festival. This year marks another great partnership we have formed with Strathcona County and the Agora Centre. We would like to thank them and all of our partners (Arctic Chiller, Jacek Chocolates, Vistek, Western Beef Jerky, and The National Film Board of Canada) formally for their help in making the Hawk Film Festival the great event you are attending tonight.

I am very proud of all of the hard work that the students have put into their creations. Since the development of the course interest continues to soar throughout our school, Sherwood Park and Alberta as the festival gains more and more attention.

When given the opportunity to explore the craft of filmmaking as an art form students are leaving the course viewing film with a more

critical eye and seeking more education in post secondary institutions.

Remember that the films you are going to see tonight are just the beginning... They're not Scorsese, Hitchcock, or Gilliam... Yet. The art of creating and setting up a shot has created "flashes" of brilliance in each film you see tonight. Their ability to communicate an idea or story using film as their medium is the art that we need to celebrate this evening.

Thank you very much for your patronage and support of the Film Production program at F.R.H. and I look forward to seeing you again next year. Enjoy the "FLASHBACK" experience and if you see a filmmaker tonight be sure to give them a pat on the back for a job well done.

Breaking many legs...  
M. Drozda
